Tools & Technologies — Power BI, Microsoft Excel, SQL, Python (Pandas, NumPy), Power Query

Project & Collaboration Tools — JIRA, Confluence

Professional Skills — Time Management, Analytical Thinking, Critical Thinking, Problem Solving, Communication & Presentation, Cross-functional Collaboration

Professional Experience

Business Analyst, Brane Enterprises Private Limited

Nov 2022 – Feb 2026 | Hyderabad, Telangana

- Partnered with business stakeholders to gather, analyze, and document business requirements across Healthcare, Pharmaceutical, Sales Operations, and Campaign Analytics initiatives.
- Conducted stakeholder workshops, requirement gathering sessions, and business process analysis to identify business objectives, operational challenges, and improvement opportunities.
- Translated business requirements into BRD, FRD, user stories, process flows, and acceptance criteria to support solution design and delivery.
- Acted as a liaison between business and technical teams, ensuring requirements were clearly understood and aligned with business objectives.
- Defined KPI reporting requirements and collaborated with technical teams to deliver 20+ enterprise dashboards and KPI scorecards supporting business performance monitoring and executive reporting.
- Supported reporting automation initiatives, reducing manual reporting effort by 20–25 hours per month while improving reporting efficiency and accuracy.
- Worked in cross-functional Agile teams and supported Sprint Planning, Backlog Refinement, UAT, defect validation, and release sign-off using JIRA and Confluence.

- Presented business insights and solution updates to 50+ stakeholders, enabling data-driven decisions and continuous process improvement.

Projects

Healthcare Business Analytics & Reporting Solution, *Praana Healthcare*

- **Technology:** Power BI, SQL, Python (Pandas, NumPy), Excel, JIRA, Confluence
- Conducted stakeholder workshops to gather KPI and reporting requirements for healthcare operations.
- Analyzed **100K+ healthcare records** using SQL and Python to identify trends, performance gaps, and operational insights.
- Collaborated with technical teams to develop **5–10 Power BI dashboards** for KPI monitoring and executive reporting.
- Centralized operational metrics into a unified reporting solution, enabling faster access to business insights and decision-making.

Pharma Sales & Operations Analytics Dashboard | Multi-region Reporting, *Wockhardt Healthcare*

- **Technology:** Power BI, SQL, Excel, JIRA
- Led requirement gathering sessions with sales and operations stakeholders for multi-region reporting.
- Validated and analyzed data from multiple sources using SQL to support KPI reporting and business analysis.
- Created interactive dashboards to track **sales performance, regional trends, and business metrics**.
- Standardized reporting processes and improved leadership visibility into sales operations.

Sales Data Management and Call Center Reports, *Sears*

- **Technology:** Power BI Desktop, SQL Server, DAX, Power Query
- Analyzed sales opportunities, customer interactions, shipments, and ISR performance across multiple product lines and regions.
- Designed reporting data models and developed KPI scorecards using **DAX and Power BI**.
- Built interactive dashboards for sales opportunity tracking, customer engagement, and productivity monitoring.
- Automated recurring reporting activities, reducing manual effort and improving sales pipeline visibility.

Sales Campaign Analytics, *Brane Enterprises*

- **Technology:** Power BI Desktop, SQL Server, ETL, Star Schema, Power Query
- Gathered campaign reporting requirements related to budgets, expenditure, and customer engagement across multiple regions.
- Developed **ETL workflows and star schema data models** for campaign analytics and reporting.
- Designed dashboards for budget utilization, expenditure tracking, and campaign performance monitoring.
- Improved campaign visibility and supported data-driven budget optimization and business decision-making.

Education

B.Tech in Electronics and Computer Science, *Koneru Lakshmaiah Educational Foundation (K L University)*

Aug 2019 – May 2023 | Vaddeswaram, Andhra Pradesh
